ENGINEER'S GRADE IS HELD CORRECT

J. F. McCurdy Makes Report on Survey for Curb and Sidewalk on West Third Street.

SECTION WILL BE REPLACED

Robert Hall, City Engineer, Tells Council He Will Stand Expense of Making the Change.

Although the grade line which was given by Robert Hall, city engineer, for a curb and sidewalk on the north side of Third street, between Poplar and Walnut streets, was verified by J. F. McCurdy, who was called in by the city council as a consulting engineer, the city engineer has agreed to stand the expense of tearing out a small section of the concrete work that has already been completed and replacing it with a new block to be built about three and one-half inches higher. The cost of the work to be done over will be about \$53, it was stated. The engineer said that he would do this so that the work will be satisfactory to the property owner.

There has been considerable confusion over the building of the curb and sidewalk on this street and at a special meeting of the city council Monday night a petition was filed by a number of interested property owners asking that a second engineer be employed to go over the work and check up the grade. It is stated that there is a drop of about three and one-half inches from the east to the west side of the alley inter-

(Continued on page 6, column 5.)

NEW PASSENGER SCHEDULE TO BE EFFECTIVE SUNDAY

Two New Trains Added to Baltimore & Ohio Service—Train West in Afternoon.

A new schedule has just been completed by the officials of the Baltimore & Ohio railroad company which adds two trains to run daily except Sunday and changes the time of some of the trains already in service. The new trains are No. 67, westbound, due to leave this city 10:21 a. m. and No. 68, eastbound, due to leave at 4:02 p. m. No. 2, fast New York & St. Louis train which has been arriving in this city at 4:03 p. m. will run 55 minutes later making it due here at 4:58 p. m.

One of the changes to become effective with the new schedule that will meet with much approval of the traveling public is the operating of an accommodation train, to leave this city daily except Sunday westbound, at 4:36 p. m. This improvement has been greatly needed for several years as it has been impossible for persons to come to this city from points in the western parts of the county and have ample time to do their shopping and return the same day. By the new arrangement an accommodation train is due to arrive here about 9 o'clock a. m. which will allow persons desiring to visit this city from Brownstown, Vallonia and Medora several hours to spend here and return home late in the afternoon.

The new passenger schedule is announced as follows: Westbound—No. 67, daily except Sunday, due at 10:21, leave at 10:26; No. 1, daily, due 11:23, leave 11:27; No. 3, daily, due 11:52 p. m., leave 11:57 p. m.; No. 65, due 4:32 p. m., leave 4:36 p. m., daily except Sunday.

Eastbound—No. 12, due 4:42 a. m., leave 4:46 a. m.; No. 6, due 9:05 a. m., leave 9:10 a. m.; No. 68, due 4:02 p. m., daily except Sunday; No. 2, due 4:58 p. m.

Guaranteed Miller Casings can be had for 15 per cent. off of List Price for 10 days at Parker's Garage. Oils accessories, tires, tubes and auto repairing. Phone 644, 116 West Tipton. a19d

Mary, Cora, Frank, Ernest and Jennie Harrington accompanied by George Baldwin, of Reddington went to Bear Creek, Jennings county, today to attend the funeral of their uncle, Elmer Harrington.

LOCAL WOMEN TO ATTEND MEETING

Annual Convention of Fourth District Franchise League to Be Held Next Saturday.

SESSIONS AT NORTH VERNON

Mrs. D. A. Kochenour, Brownstown, is District Chairman—Program is Announced.

A number of Seymour and Jackson county women are expecting to attend the first annual convention of the Woman's Franchise League of Indiana in the Fourth congressional district which will be held next Saturday at North Vernon. Mrs. D. A. Kochenour, of Brownstown, was recently appointed district chairman and will preside at the sessions. A chapter of the league was recently formed at Brownstown with Miss C. Shepard as president, and Miss Ethel Rottman was elected president of the Seymour chapter.

Miss Mary I. Gallahan, chairman of the press bureau of the state organization has announced the program that has been arranged for the North Vernon meeting. "There has been a good deal of sporadic interest in suffrage throughout the district in the last few years," she stated, "and under the direction of the Woman's Franchise League of Indiana it has crystallized this year into an organization of sixteen leagues, many of them new and the appointment of efficient county chairmen." She calls especial attention to the program and gives assurance that it

YOUNG CARPENTER DIES AFTER TEN DAYS' ILLNESS

Oscar Rueter, Aged Twenty-six Years, Passes Away—Funeral to Be Held Friday.

Oscar Rueter, aged twenty-six years, who lived southwest of the city, died about 1 o'clock this morning at the Schneck Memorial Hospital where he was taken April 6 to undergo an operation for appendicitis. His condition was very critical when he was taken to the hospital and immediately after the operation little encouragement was given for his recovery. However, his condition was encouraging for a week when complications developed after which he declined rapidly.

Besides a widow, the deceased is survived by a three-weeks-old baby, father and mother, Mr. and Mrs. Fred Rueter, of White Creek, four brothers, Harman Rueter, 418 West Jackson street, Fred, Martin and Edward Rueter, of White Creek, six sisters, Mrs. Henry Peters, of this city, Clara Rueter, of Indianapolis, Beatrice, of this city, and Martha, Minnie and Elma Rueter, of White Creek, together with several other relatives and many friends. The deceased for several years had been engaged in the carpenter business with his brother, Herman Rueter.

The funeral services will be held Friday afternoon at 2 o'clock from the German Lutheran church, Rev. E. H. Eggers, conducting the services. Burial at the Lutheran cemetery.

Notice.

Ladies' Aid Society, St. Paul church will meet at the church parlors 3 o'clock Thursday afternoon to attend meeting at Mrs. August Wanning. a16d

GERMAN CANNON FOR VICTORY LOAN DRIVE

Seventy-nine German cannon, which were surrendered under the armistice terms, arrived in New York on the transport Westboro and will be distributed to different cities, where they will be exhibited to stir interest in the Victory loan. Our photograph shows some of the "Little Lenas," sisters to "Big Berthas" (in foreground), being loaded onto a lighter.

MANY LEARN TO MAKE THEIR OWN

Large Quantity of Essentials for Manufacturing Beer Being Sold Here.

DEMAND FOR OLD BOTTLES

Columbus Woman Has Proof That the "Home Brew" Has "Kick" to It.

"Make Your Own" seems to be the slogan adopted by many people in this city as it is known that a large quantity of hops and other ingredients used in the manufacture of beer have been disposed of here. There seems to be a ready sale for any kind of long neck bottles and it is further alleged that many housewives are having trouble in keeping fruit jars as they also come in handy for storing the beverage for the period of time necessary before ready for use.

The "home brew" beer, it is said, is generally made in six gallon lots and according to some who are becoming old heads in the manufacturing of the popular drink, it is not difficult if you follow the recipe closely. Some of the men who would like to make the adventure of "Making Their Own" have been unable to do so because of objections on the part of their wives refusing them the use of some of the cooking utensils necessary in the manufacture of the beer. Many single men are also brooding over the fact that they

EMPLOYEE OF GARAGE IS KILLED BY A BURGLAR

Posing as Detective, Unknown Man Shoots Colored Helper and Then Offers Apology.

Indianapolis, April 16—Dan Houston, colored, night man at a garage here, refused to throw up his hands when a man posing as a detective punched a revolver in his ribs early today. Houston is dead.

The robber then drew a gun on Thomas Cannon, colored, and ordered him to surrender the cash from the cash register. The burglar took the money which amounted to about \$5 in small change. He then apologized for shooting Houston, cut the telephone wires and escaped.

Attention K. of P. Rank of Knight will be conferred Thursday night. a17d Henry Hauenschield, C. C.

J. W. Briner welcomes you at his Cream Station, 125 South Chestnut. m13d&wf

LEAGUE OF NATIONS PRINCIPAL ISSUE

Senate Will Strive to Have Majority of Foreign Relations Committee in Favor of It.

TWO VACANCIES EXIST

Kenyon, Norris and Harding Are Mentioned as Probable Candidates for the Place.

Washington, April 16.—In organizing the next senate, supporters of the league of nations covenant will make an effort to constitute the foreign relations committee so that a majority of it will be in favor of the league. This can be done, senators pointed out today, if one or more of the new Republican members of the committee are league supporters.

Before the senate discusses the peace treaty or the league covenant, both must be passed on and reported by the foreign relations committee. League supporters declared the league would gain strength before the senate if the committee report showed a big majority for it.

In the last senate the committee was composed of ten democrats and seven republicans. Each party has a vacancy to fill in the next session—the democrats that of Senator Saulsbury, Delaware and the Republicans, that of Smith, of Michigan.

That leaves the committee 9 to 6. There is considerable discussion of a plan to make the next committee nine republicans and eight democrats, but this, as yet has not received republican sanction. If it should, it would require the addition of three republican members and the elimination of one democrat—Robinson.

(Continued on page 4, column 1.)

War Time Prohibition.

Paris, April 16—President Wilson is not expected to consider the question of war time prohibition until after peace is signed and "something is done regarding demobilization" it was learned today. The question has not arisen at the "white house," it was said, but it was pointed out that the law depends upon actual demobilization.

Royal Arch Masons.

Wednesday night, April 16—Called meeting for Mark and Past Master. Full attendance desired. a16d G. A. Clark, H. P.

Revival services still go on at the A. M. E. church. Services tonight at 8 p. m. Evangelist Mrs. W. E. Clark will preach. Come.

DELEGATES NEED PUBLIC SUPPORT

Premier Lloyd George Tells Parliament Future May Hold "Perils for All."

INDEMNITY WILL BE LARGE

Premier Declares That Recognition of Russian Soviet Government Was Not Proposed.

London, April 16—There is a complete understanding on fundamental questions of the peace settlement, Premier Lloyd George declared in addressing parliament this afternoon. He said it is not true that America and Europe are at variance.

"A stern and just peace is wanted, but not a vindictive peace," declared the premier. "I am going back to Paris and must have the fullest confidence of parliament."

Pointing out the difficulties of effecting peace the premier said a complete breaking up is threatened in Austria, Russia and Turkey. "There is no authority throughout Russia," he said. "The question of recognition of the soviet government has never been proposed or discussed."

Lloyd George declared, amidst an outburst of cheering, that the indemnity will be no easy one. He asked that the "delegates who are trying to do their best be left in peace because their work is not over and is still full of perils for all."

The premier said the allies have agreed not to publish the peace terms until they have been discussed.

GOVERNMENT GAINS UPPER HAND IN STRIKES

Conditions in Germany Seem to be Much More Quiet—May 1 a Holiday.

Berlin, April 16—The radicals bolted from the national soviet congress tonight declaring they will join the Spartacists and "fight the government relentlessly."

The action of the radicals which is expected to put an end to the conference, resulted from a fight for control with the majority socialists. After the latter had gained control the radicals refused to accept a compromise and elect some of their members to the executive committee.

The general strike seems to have passed its crisis, with the government winning control. Strikers in the Ruhr district, disheartened by military domination, were reported to be returning to work. Resistance to the government appeared to be weakening everywhere except in Munich where the communists were reported to be making a last stand in isolated public buildings.

German party leaders are planning to dedicate May first as a holiday in protest against the allied peace terms and for demanding immediate release of German war prisoners.

SOVIET IS ORGANIZED IN MUNICH. DISPATCH SAYS

Information Comes From Soldiers' and Workmen in Wireless to Foreign Minister Bela Kun.

Budapest, April 16—Foreign Minister Bela Kun received the following wireless message tonight from the workmen's and soldiers' soviet in Munich:

"The workmen and soldiers have crushed the attack of the bourgeoisie as well as that of the treacherous majority socialists. We took and fortified the central railway station, elected an executive council and declared a state of seige. All powers is in our hands. We salute the Hungary and Russian soviets."

DELEGATES WILL NOT ENTER PARIS

Germans Will Follow Route of Army in 1914 But Will Go Directly to Versailles.

ABOUT 175 IN THE PARTY

May 10 May Be Date Given to Sign Agreement and End State of War or Break Armistice.

Paris, April 16—The Germans peace delegation officially ordered to Versailles on April 25 will follow the route over which they marched to the gates of Paris in 1914, it was learned today, but the enemy, as in 1914, will not enter Paris. They will be forced to proceed directly to their quarters in Versailles.

The Germans numbering about 175 will take a special train to Versailles. After their arrival in that city, the strictest precautions will be taken to prevent them from straying into Paris, lest "unfortunate incidents should occur."

Premier Clemenceau will read them the text of the treaty and probably will announce a time limit for acceptance, bringing the actual crucial day to about May 10. On or about that date the world will see the state of war removed and peace proclaimed, or the Germans may be given seventy-two hours notice of a rupture of the armistice, if they refuse to sign.

Enroute to Paris, the German delegates will be whirled toward Versailles through scenes of devastation wrought by German hands—possibly under direction of some of the minor officials in the party. They will pass Liege, the first city to suffer from Hun frightfulness; Namur and Maubeuge, where the doughty Belgians held the Germans at bay until the British and French could organize resistance in their rear; Charleroi, where Sir John French's "contemptibles" fought and died; the great Hindenburg line defenses; the battlefield of the Somme—all with their memories of death and carnage, of heroism and of civilization at stake.

Arriving in Versailles, the Germans will be quartered in the Hotel Des Reservoirs and the Hotel Petit Vatel. The strictest precautions will be taken to prevent them from straying into Paris, lest "unfortunate incidents" should occur. They will meet with the allied representatives in the Trianon palace hotel. There Premier Clemenceau will read them the text of the treaty and probably will announce a time limit for acceptance, bringing the actual crucial day down to about May 10.

It has been definitely determined, it was said, that only the actual signing of the treaty will take place in the Hall of Mirrors at the Palace.

While there has been no official confirmation that a time limit will be placed on the Germans, the French consider such action as probable, else the discussion would drag on without end.

NEW YORK THREATENED BY TWO STRIKES TODAY

Marine Workers and Elevated Road Employes Want Readjustment of Wages.

New York, April 16—Two strikes threatened New York today.

The marine workers affiliation called a general harbor walkout for 6 a. m. tomorrow. This would again completely tie up shipping here.

The other impending strike is a walkout of Brooklyn Rapid Transit employes which would halt all elevated, street car and much of the subway service in Brooklyn. Leaders of the union demanding recognition of their organization, had appointments today to confer with Federal Judge William Mayer who named Lindley M. Garrison as receiver of the B. R. T. Garrison has refused to see the men and they are taking it up with Mayer. Action on the strike will be taken tomorrow night.

THE VICTORY LOAN.

Jackson county's quota in the Victory Liberty loan campaign is \$482,400. A few years ago it would have seemed to be almost an impossible undertaking to secure subscriptions for this amount for any cause, but in view of the splendid manner in which we have met our former obligations it appears that this amount can be readily taken up. The quota is only about eighty percent. of the amount the county was expected to sell in the Fourth Liberty loan campaign, but instead of buying \$602,000 worth of Liberty bonds Jackson county purchased approximately \$776,000, or 129 percent. oversubscription. We surely will be able to make a

record of one hundred percent. in his drive. While the reasons for buying Victory loan bonds are in some respects the same as in the previous campaigns, there are many additional incentives. There remains the patriotic spirit as Uncle Sam has contracted debts and this nation will see that they are paid in full. Heretofore the money raised from the loan drives was spent largely in war making. This loan is floated as a peace loan. It will be used in part to bring the boys home from overseas. It is much easier to invest a dollar in a peace time enterprise than to spend it with the knowledge that it is to be used in the furtherance of destructive warfare.

But aside from the patriotic features of the loan, it appeals to the average citizen from the business and investment standpoint. The rates are issued for a much shorter period and this will mean that they will remain practically at par from the date of issuance. They bear a higher rate of interest than the other bonds and have practically the same tax exemption features which make them valuable securities.

Some of the banks of the county are taking up the bonds as a investment, but it is not wise to permit the banks to carry the entire quota. The money held by these financial institutions is needed for reconstruction work. Their clients will want to borrow funds to complete building

GOVERNMENT OWNERSHIP.

Henry Clews the financial writer, discussing government ownership of public utilities says: "Government management has proved unsuccessful, lowering service and raising costs as to create general dissatisfaction. Not only are our railroads inefficiently operated at present, but they are running down in condition and piling up a huge debt, thus becoming a load upon taxpayers that would not be tolerated were it not for the war, which compelled temporary Government control. The roads are now threatened with an enormous deficit which the country must pay. To even up wages a further raise of \$65,000,000 has been granted, making an increase of \$1,365,000,000 since the war began. It is not to be supposed that public opinion would wrest the railroads from their owners, push them into confusion and then throw them back upon their owners in a bad condition. This would be a piece of dishonesty which no Congress would dare to impose. There is nothing to be done except for the Government to lift the roads out of the difficulties which it has thrust upon them. Remedial action should be undertaken without delay; and in all probability an early session of Congress will be called to deal with this highly important problem. A very similar experience is being endured by the telegraph and telephone systems, which have distinctly deteriorated and become more costly than necessary under public management. Moreover, the arbitrary and autocratic manner in which these concerns were treated by the authorities has raised considerable antagonism to Government operation, plus no little sympathy for aggrieved owners and officials, which otherwise would not have developed. Perhaps

The Tongue Test

Put a little alum on the end of your tongue and you will have the reason why alum baking powder should not be used in food.

Phone Main 165

It is fortunate that these socialistic experiments have been tried out before ownership was actually transferred to the Government; for the test has overwhelmingly proved that private initiative and efficiency far surpasses that of the Government. It is conclusively proved that Government control means a decline in service and an increase in costs, resulting in losses which taxpayers must ultimately pay. Very similar conditions prevail in our cities, where public service corporations have been under political fire for a prolonged period. Because of prejudice, light and traction companies have not been permitted to raise charges in order to offset increased costs; and fair treatment was impossible to obtain; the result being to threaten a number of such concerns with bankruptcy. Civic authorities as a rule still refuse to allow such companies to raise charges, though admitting that they themselves will follow such a course if they secure control. When consumers realize that they must pay the increase, as they finally will; and that they must pay that increase either in higher fares or higher taxes, they will undoubtedly choose the former; and will in all probability not lose the opportunity of revenge by themselves upon politicians and timid officials who have allowed transportation and other public utilities to fall into such impaired conditions."

New Indiana Laws.

By Charles Kettelborough, Director of the Legislative Reference Bureau
Written for the United Press)

Prosecuting Attorneys, Acknowledgments. An act approved February 26 authorizes prosecuting attorneys to take acknowledgments of deeds and other instruments in writing administer oaths, protest notes and checks, take depositions of witnesses, take and certify affidavits and depositions and perform any other duty now conferred on notaries public by the laws of Indiana. Each prosecuting attorney exercising any such duties is required to have a seal and to append to each instrument the date of the expiration of his commission; his jurisdiction is co-extensive with the state and he is entitled to the same fees as notaries.

Partition of Lands-Sale. The law concerning the sale of lands of which a partition is demanded was amended to provide that if within 30 days after the sale of any such land, a bid is received by the clerk of the court, 10 per cent. higher than the sale price, accompanied by a bond 20 per cent. higher than the bid, the land must be re-advertised and re-sold. Only one such re-sale may be had and the purchaser of the land at the first sale has tenant rights in all crops planted on such lands after the first sale and prior to the second sale.

Tom Cordell of Indianapolis, was here today on his way to Brownstown, where he will visit his brother, C. W. Cordell and other relatives.

SOCIAL EVENTS

UP AND DOING CLASS

A meeting of the Up and Doing Class of the Central Christian church was held this afternoon at 3 o'clock at the church on North Chestnut street. The meeting opened with a business session after which the following program was given: Organ Voluntary, Mrs. Lora Stewart Short Address, Mrs. F. W. Wesner Duet, Miss Elsie Reynolds and Mrs. Lester Connersley Short Address, Mrs. R. R. Keach Reading, Miss Myrtle Huntington Solo, Mrs. W. E. Carroll Reading, Miss Grace Love. A special effort was made to have all the members of the class at this meeting.

PICNIC SUPPER

A number of young people motored to the Brownstown Knobs Tuesday evening and enjoyed a delightful picnic supper cooked in the woods. Marshmallows, bacon and eggs were prepared over a bonfire which together with sandwiches furnished a very appetizing luncheon and was greatly enjoyed by all who were present.

Those who made the trip were Mr. and Mrs. Maurice Jennings, Mrs. Ada McCool, Mrs. L. C. Hodapp, Miss Ethel Rottman, Miss Catherine Hancock, Miss Luella Toms, George Laupus, Louis Cordes and C. B. Thomas.

SESAME CLUB

Miss Amy Bridges was hostess to the members of the Sesame club Tuesday evening at her home, corner Third and Lynn streets. The evening was spent informally with music and dancing. A course luncheon was served.

LOYAL DEVOIR SOCIETY

Mrs. Carl Meyer, West Second

street, was hostess to the regular weekly meeting of the Loyal Devoir Society of the Central Christian church Tuesday evening. Following the short business session a social hour was enjoyed and light refreshments were served. Twenty-two members were in attendance.

Origin of Medicine.

The agents employed for the treatment of diseases are taken from the three kingdoms of nature, the vegetable animal and mineral. Most medicinal substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor until it is now recognized as the standard remedy for female ills.

Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates — but no oil — the very elements needed to build them up. It is delicious to the taste, and children love it.

These Two Mothers Have Proved This.

Bainbridge, N.Y.

"My little daughter, 13 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again."—Mrs. Lester Andrews.

Williamson, W. Va.

"My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and it built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children."—Harley Clay.

FURLONG, HAROLD A., 1st Lieut. Co. M 353rd Inf.

FOR conspicuous gallantry and intrepidity above and beyond the call of duty in action with the enemy near Bantheville, France, 1 November, 1918.

Immediately after the opening of the attack in the Bois de Bantheville, when his company was held up by severe machine-gun fire from the front, which killed his company commander and several soldiers, Lieutenant Furlong moved out in advance of the line with great courage and coolness, crossing an open space several hundred yards wide. Taking up a position behind the line of machine guns, he closed in on them, one at a time, killing a number of the enemy with his rifle, putting four machine-gun nests out of action, and driving twenty German prisoners into our lines.

Home Address: Arthur D. Furlong, Father, 2950 West Grand Boulevard, Detroit, Mich.

WATSON TO SPEAK SATURDAY NIGHT

Junior Senator From Indiana to Give Address as Final Feature of Welcome Program.

RECEPTION FOR U. S. TROOPS

Soldiers, Sailors and Marines in Jackson County Are Urged to Take Part in Exercises.

A celebration that will be of direct interest to hundreds of Jackson county people will be held here next Saturday and will be a reception for the returned soldiers, sailors and marines in Jackson county. It will mark the opening of the formal Victory Liberty loan campaign and it is expected that a big crowd of visitors will come here to welcome the local heroes back home.

A feature of the day's program will be the address by United States Senator James E. Watson at the Christian church Saturday night. Senator Watson is one of Indiana's most popular orators and an interesting address is assured. He will discuss the principal issues of the day and the auditorium will be packed to its capacity.

Special features for the soldiers and sailors will be arranged for the afternoon. A meeting will be held at that time and the speaker of national reputation will give an address.

It was proposed some time ago that a reception for the soldiers, sailors and marines be given in this city and the Victory loan organization of the county decided to link the celebration with the opening of the campaign. Some of the school district will likely have their quotas complete by the time of the celebration here and others will make a canvas on Sunday and Monday.

Loan workers declare that the interest in the coming loan is apparently more general than in any of the other campaigns. The higher rate of interest and the early maturity date of the notes appeal to local investors, especially those who have small amounts of money to invest. It is explained that some of the note while dated to mature in four years may be taken up in three years. The fact that the treasury department has announced that in case of an oversubscription the applications for \$10,000 and more will be prorated indicates that it expects the loan to be popular with the public and it desires to give all an equal chance to own some of the Victory bonds.

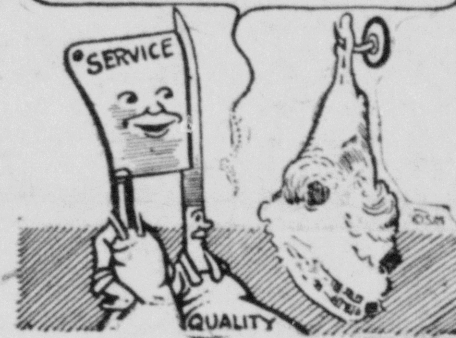

Just received the finest line of Silk Dresses in town for Ladies and Misses.

Capes, Dolmans, Coats, Suits, Skirts, Waists.

LEAGUE OF NATIONS PRINCIPAL ISSUE

(Continued from first page)

Arkansas, a strong league supporter who is at the bottom of the committee list.

Prominently mentioned as republican candidates for the committee

are Kenyon, Iowa, Norris, Nebraska, and Harding, Ohio. League supporters count on Kenyon to vote for the amended league covenant. His only utterance to date has been a statement made some weeks ago that the draft presented in February required radical amendment.

Acceptance of the amendment as

adequate by Cummins, senior senator from Iowa is counted on to bring Kenyon into line, the league supporters said today.

Norris has been counted both for and against the league. He at heart favors it and is expected to vote the amended covenant. Harding also, the league friends believe, will finally favor it.

If the committee can be made up in this manner, league supporters said today it would stand eleven to six in favor of the covenant. Of the six opponents, one, Thomas, Colorado, is a democrat and the other five are Republicans, while of those favoring the league four would be republicans and seven democrats.

John Pruitt, instructor of mathematics in the schools at Detroit, Mich., who is spending the spring vacation with his mother at Franklin, came Tuesday evening to spend a few days with friends in this city. Mr. Pruitt was formerly Scoutmaster in this city and had charge of the Shields Park one summer.

JACKSON TOWNSHIP HAS LOAN QUOTA OF \$175,000

Apportionment of the Total Victory Loan Quota for County Made for The Townships.

The county Victory loan organization has made the quotas for the various townships, based upon population and wealth in each unit. The county is expected to subscribe for \$482,400 worth of bonds.

The quotas for the townships are announced as follows, the amount and the percentage being given:

Townships	Quota	Percent.
Jackson	\$175,000	33.5
Brownstown	75,000	15.3
Grassy Fork	15,000	3.1
Washington	15,000	2.8
Carr	41,000	8.2
Driftwood	36,000	7.2
Owen	11,000	2.7
Hamilton	60,000	10.4
Vernon	29,000	7.9
Redding	26,000	5.1
Salt Creek	10,000	2.0

Shadwick Shutters Dead.

Shadwick Shutters, a civil-war veteran, died at 8:30 o'clock Tuesday night at the home of his grandson, Bruce Shutters, at Russell Chapel, two miles from Tampico. He had been in poor health for several years. Mr. Shutters was born November 16, 1835, at Rockford, making his age eighty-three years and five months. He is survived by six children, Mrs. Jason Waskom, Russell Chapel; Mrs. Peter Blair, Medora; Mrs. Lillie Brown, Mitchell; Jack Shutters and Claude Shutters of Illinois; and L. J. Shutters of Missouri. His wife died about eight years ago. Funeral services will be conducted Thursday morning from the residence, followed by burial in Mount Eden cemetery, Washington county.

NO INDICATION OF END OF BOSTON PHONE STRIKE

12,000 "Inside Workers" Now Threaten to Join Operators in Walkout.

By United Press.

Boston, April 16—The second day of New England's strike of telephone operators began without any indication of an early settlement.

In addition to approximately eight thousand operators on strike, leaders of union 142, International Brotherhood of Electrical Workers, announced that unless a settlement was reached at once, 12,000 "inside" workers including wire men, and instrument attendants, will walk out at noon today. This would bring the total on strike to 20,000.

Advertisements for operators to fill the places of the striking operators, appeared in newspapers. Union leaders predicted that the company will be unable to obtain operators. The striking forces settled down today apparently with all plans laid for an extended fight.

Additional Social Events.

AUTO SOCIAL

About one hundred and fifty members of the First M. E. Sunday School and friends attended a social given at the church Tuesday evening. The Sunday School rooms were decorated to represent a garage. On reaching the church door each guest was tagged with an auto license. Games were played throughout the evening. The first of these was matching pictures of autos and then each one was requested to write an original short poem, the first letter of which would spell the name of a certain make of car. Another game was a "relay auto race." The guests were divided into two groups and each one in turn raced across the room in a small auto. Each member of the winning side was given chewing gum. Another contest was filling in stories with auto terms. An automobile horn was given to the winner. Refreshments of cookies and lemonade, representing tires and gasoline, were served from the "service station."

CLASS PICNIC.

The members of the Senior Class of the Vallonia High School were entertained yesterday with an auto trip to Clifty Cave. The trip was made in a truck, which, when about six miles from Vallonia on the return trip, broke down. A picnic dinner was served at noon and the day was spent with games. The members of the class who made the trip were Misses Sallie Flenor, Lula Edwards, Iva Geyer, Hazel Peters, Vivian Hunsucker and Mary Meahl. Fred Gresham, Willard Schooley, Harry Montel and Henry McHargue.

MISSIONARY SOCIETY

The regular monthly meeting of the Missionary Society of the Trinity M. E. church will be held Thursday afternoon at the home of Mrs. Joseph Ackerman, 203 North Pine street. Rev. Wm. Weiler, pastor of the church will give an address on "Methodism in Africa." A musical number will be furnished by Miss Grace Miller and Mrs. Albert Miller, and a declamation by Miss Ruth Miller.

INDIANA STUDY CLUB

Mrs. George Vehslage will entertain the members of the Indiana Study Club Thursday afternoon at 230. The following is the outlined program for the afternoon:

"Minds of moderate calibre ordinarily condemn everything which is beyond their range."

1. Traditions of the French State.
2. Rachel... Mrs. J. H. Conner, Jr.
Sarah Bernhardt's "Story of My Life"..... Mrs. Thomas Groub

FORTNIGHTLY CLUB

Mrs. B. E. Hamilton will be hostess to the members of the Fortnightly Club Thursday afternoon at her home, Corner of Second street and Central avenue.

EASTERN STAR LUB

A business meeting of the Eastern Star Club was held Tuesday afternoon at the home of Mrs. E. F. Maxon South Walnut street.

WEDNESDAY CLUB

Mrs. J. P. Matlock entertained the members of the Wednesday Bridge Club this afternoon at her home on North Chestnut street.

FLEMING-ANDERSON.

H. T. Bennett made a business trip to Madison this morning.

ENGINEER'S GRADE IS HELD CORRECT

(Continued from first page)

sections, just back of the Presbyterian church and it is claimed, that if this line were carried on to the corner of Poplar street the sidewalk would be much lower than the old grade.

McCurdy told the council that so far as the grade was concerned, the line given by the city engineer was correct. He added, however, that no grade is the "correct line" until it is approved by the city council. He said that on the north side of the street the "flow line" of the gutter is out of the way about four inches on the line from Walnut street to Central avenue, but that this was not a serious error and could be easily remedied. The grade that has been given by the engineer on the south side of the same street does not conform with concrete work that was done several years ago which it is said was built under the supervision of W. H. Rights, former engineer.

McCurdy told the council that the grade lines throughout the city were far from uniform and that very few sidewalks were of the same height on opposite sides of the street. He said that the sidewalk line on the north side of Third street might have been raised about three and one-half inches beginning at the west side of the alley intersection and that this would eliminate the contention that has arisen. Engineer Hall said that he wanted the property owners to be satisfied and would make the change himself, but would not concede that the new line would be the correct city grade. He asked the council if it would approve of the new grade after it was made and the members told him to set the grade and the profile would be adopted as the official grade.

It develops that the grade lines in the city have given much trouble in the past, and it is likely that the council will adopt a new method of dealing with them in the future. About eight years ago the council adopted a resolution providing that any concrete work on gutters and sidewalks could be made under the supervision of the city engineer without bringing the matter to the attention of the council and this practice has been since followed. The present council feels that the petitioners for such improvements ought to make a formal request of the council before any such work is made and in that way grade lines could be made a matter of record and much confusion in the future would be avoided.

PROFIT BY THIS.

Don't Waste Another Day.

When you are worried by back-ache; By lameness and urinary disorders—Don't experiment with an untried medicine.
Follow Seymour people's example. Use Doan's Kidney Pills. Here's Seymour testimony. Verify it if you wish:
Geo. Kramer, 206 S. Broadway, says: "I had considerable trouble with my kidneys and at times had soreness in the small of my back. My kidneys acted too frequently and often caused distress. I read of Doan's Kidney Pills and used some as directed. They relieved the backaches and regulated my kidneys."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kramer had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Street Oiling.

If a sufficient number of complete blocks are subscribed by property owners or renters for street oil, a tank will be ordered so that the oil can be put on next month. Call at the Mayor's office for further information. a17d

In State of Seige.

By United Press.
Dublin, April 16—The city of Limerick was virtually in a state of seige today following establishment of martial law in that district.

A full length picture of Governor Morton taken in 1866 is being enlarged to life size by an Indianapolis artist and will be one of the features on the walls of the military picture gallery in the basement of the State Soldiers and Sailors monument. The money to have the picture reproduced was donated by the Sol Meredith Post, G. A. R., the Woman's Relief Corps and the Daughters of American Revolution, of Richmond.

Charles Shutts who recently sold his cigar store on South Chestnut street left Wednesday for a several days business visit at points in the south.

We Do "Printing That Pleases."

WHY COUGH AND COUGH AND COUGH?

Dr. King's New Discovery removes the danger of neglect

Coughing until the parched throat grows painful should not be permitted. It should be relieved before it gains headway with a dose of Dr. King's New Discovery.
The same with a cold or bronchial attack. Millions have used this well-known remedy for half a century regularly without thought of change. Sold by druggists since 1869. An all-important adjunct to any family medicine cabinet. 60c and \$1.20.

The Burden of Constipation
is lifted, comfortably but positively when you treat your bowels with Dr. King's New Life Pills. The liver gets busy, digestion improves, the sickly, sallow skin is freed from bile. Get a bottle today—start the day right. 25c.

Ten Reasons Why You Need a

FLORENCE

OIL COOK STOVES Wickless, Valveless, Blue Flame. Automatic

The FLORENCE Automatic Wickless Stove.

1. Because by using kerosene and a FLORENCE Wickless Blue Flame Oil Stove you can save fuel.
2. Because it means a cool kitchen and comfort.
3. Because it saves your money without depriving you of a convenience.
4. Because it is a safe stove. No danger even if a lighted burner is forgotten—it will burn itself out without explosion or damage to the stove.
5. Because it is wickless, odorless, and clean. Easy to keep in condition.
6. Because the burners are large and powerful, yet easily lowered to simmering heat by simply turning the lever.
7. Because the FLORENCE stoves are strong, well built, lasting, with pipes electrically welded so that there is no possibility of leakage.
8. Because the heat is concentrated where you want it—close to the cooking.
9. Because it has the up-to-date lever control of heat.
10. Because every FLORENCE Stove is tested in the factory, before it comes to you, and our guarantee attached to the stove. The guarantee goes to you; it means that we are responsible to you for the quality of that stove.

The Function of The Standard Oil Company (Indiana)

THE Standard Oil Company of Indiana is a great service organization whose chief function is to serve the public well by buying crude oil wherever it may be obtained; by refining it into numberless products, useful, helpful, and necessary to the well-being of the world, and by distributing these products widely, so that they shall be instantly available to the consumer wherever he may live.

Refineries and bulk storage, occupying thousands of acres and representing a cash investment of tens of millions of dollars, are required, to keep the flow of products steady.

Distributing centers from which Standard Oil products are delivered to individual customers are maintained at more than four thousand points in eleven states.

Thousands of motor trucks, which deliver the products to our customers, round out the most complete distribution system in the world.

In addition to these necessities, the Standard Oil Company maintains at all times sufficient additional equipment to meet any emergency. This was proved by the efficient work of the Company during the trying days of the great world war.

HOLLOW OF HER HAND," "THE
PRINCE OF GRAUSTARK," ETC.

Copyright by Dodd, Mead and Company, Inc.
CHAPTER IV.

An Extraordinary Chambermaid, a
Midnight Tragedy, and a Man Who
Said "Thank You."

Miss Thackeray was "turning down" his bed when he entered his room after bidding his new actor friends good night. He was staggered and somewhat abashed by the appearance of Miss Thackeray. She was by no means dressed as a chambermaid should be, nor was she as dumb. On the contrary, she confronted him in the choicest raiment that her wardrobe contained, and she was bright and cheery and exceedingly incompetent. It was her costume that shocked him. Not only was she attired in a low-necked, rose-colored evening gown, liberally bespangled with tinsel, but she wore a vast, top-heavy picture hat whose crown of black was almost wholly obscured by a gorgeous white feather that once must have adorned the king of all ostriches. She was not at all his idea of a chambermaid. He started to back out of the door with an apology for having blundered into the wrong room by mistake.

"Come right in," she said cheerily. "I'll soon be through. I suppose I should have done all this an hour ago, but I just had to write a few letters. I am Miss Thackeray. This is Mr. Barnes, I believe."

He bowed, still quite overcome. "You needn't be scared," she cried, observing his confusion. "This is my regular uniform. I'm starting a new style for chambermaids. Did it paralyze you to find me here?"

"I couldn't believe my eyes," she abandoned her easy, careless manner. A look of mortification came into her eyes as she straightened up and faced him. Her voice was a trifle husky when she spoke again, after a moment's pause.

"You see, Mr. Barnes, these are the only duds I have with me. It wasn't

"You See, Mr. Barnes, These Are the
Only Duds I Have With Me."

necessary to put on this hat, of course, but I did it simply to make the character complete. I might just as well make beds and clean washstands in a picture hat as in a low-necked gown, so here I am."

She was a tall, pleasant-faced girl of twenty-three or four, not unlike her father in many respects.

"I am very sorry," he said lamely. "I have heard something of your misfortunes from your father and the others. It's—it's really hard luck."

"I call it rather good luck to have got away with the only dress in the lot that cost more than tuppence," she said, smiling again. "Lord knows what would have happened to me if they had dropped down on us at the end of

the first act. I was the beggar's daughter, you see—absolutely in rags. Glad to have met you. I think you'll find everything nearly all right. Good night, sir."

She closed the door behind her, leaving him standing in the middle of the room, perplexed but amused.

"By George," he said to himself, still staring at the closed door, "they're wonders, all of them. I wish I could do something to help them out of—" He sat down abruptly on the edge of the bed and pulled his wallet from his pocket. He set about counting the bills, a calculating frown in his eyes. Then he stared at the ceiling, summing up. "I'll do it," he said, after a moment of mental flurrying. He told off a half dozen bills and slipped them into his pocket. The wallet sought its usual resting place for the night: Under a pillow.

He was healthy and he was tired. Two minutes after his head touched the pillow he was sound asleep.

He was aroused shortly after midnight by shouts, apparently just outside his window. A man was calling in a loud voice from the road below; an instant later he heard a tremendous pounding on the tavern door.

Springing out of bed, he rushed to the window. There were horses in front of the house—several of them—and men on foot moving like shadows among them.

Turning from the window, he unlocked and opened the door into the hall. Some one was clattering down the narrow staircase. The bolts on the front door shot back with resounding force, and there came the hoarse jumble of excited voices as men crowded through the entrance. Putnam Jones' voice rose above the clamour.

"Keep quiet! Do you want to wake everybody on the place?" he was saying angrily. "What's up? This is a fine time o' night to be—Good Lord! What's the matter with him?"

"Telephone for a doctor. Put—damn! quick! This one's still alive. The other one is dead as a door nail up at Jim Conley's house. Git ole Doc James down from Saint Liz. Bring him in here, boys. Where's your light? Easy now! Eas-ee!"

Barnes waited to hear no more. His blood seemed to be running ice cold as he retreated into the room and began scrambling for his clothes. The thing he feared had come to pass. Disaster had overtaken her in that wild, senseless dash up the mountain road. He was cursing half aloud as he dressed, cursing the fool who drove that machine and who now was perhaps dying down there in the taproom. "The other one is dead as a door nail," kept running through his head—"the other one."

(To be continued.)

MANY LEARN TO MAKE THEIR OWN

(Continued from first page)

have no place to make their own but some are finding relief in knowing that where there is a will there is a way.

One of the newest proofs that the "home brew" has the kick to it is demonstrated in the following article which appeared in the Columbus Herald:

"Home brew" which has become the general favorite, and which is being made in many homes throughout the city, has not only found approval

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

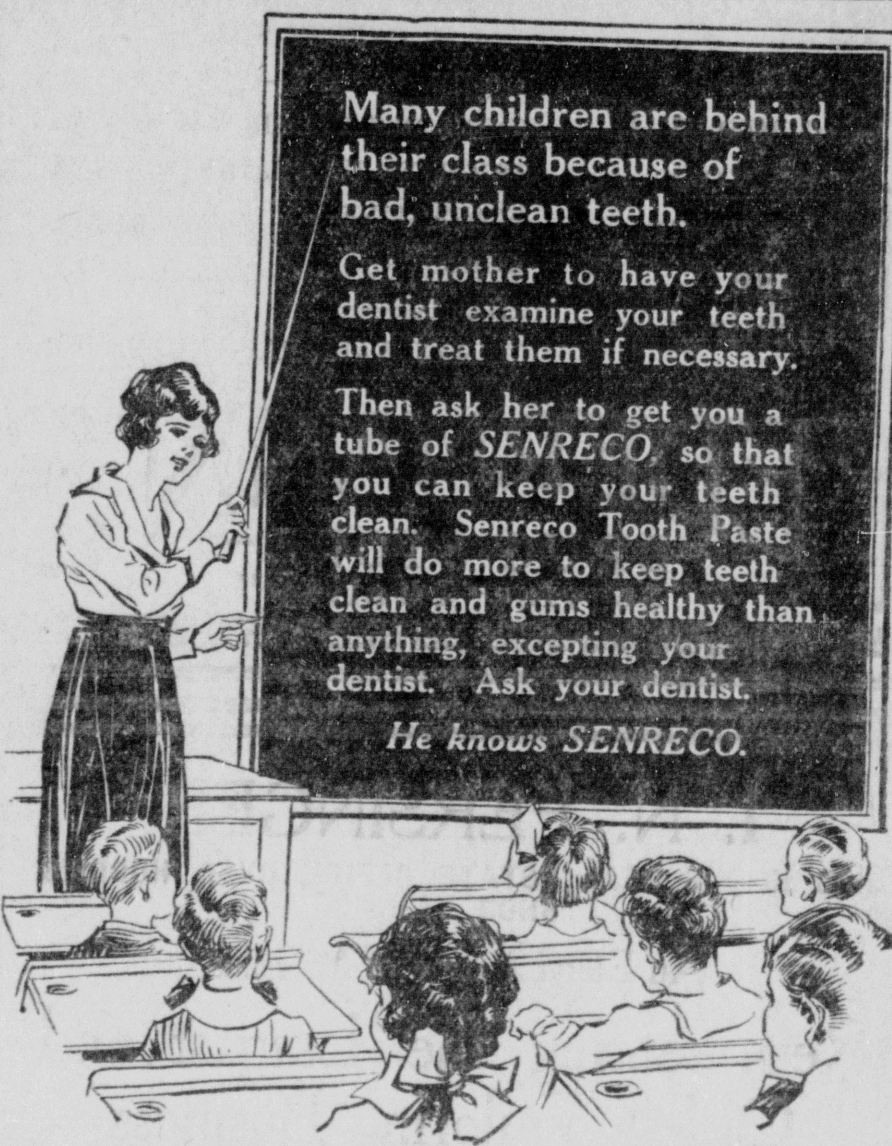

Do Not Get Careless With Your Blood Supply

Impurities Invite Disease.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an open-

ing. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 25 Swift Laboratory, Atlanta, Ga.

Many children are behind
their class because of
bad, unclean teeth.

Get mother to have your
dentist examine your teeth
and treat them if necessary.

Then ask her to get you a
tube of SENRECO, so that
you can keep your teeth
clean. Senreco Tooth Paste
will do more to keep teeth
clean and gums healthy than
anything, excepting your
dentist. Ask your dentist.

He knows SENRECO.

al, but has demonstrated in several instances that it has some "kick."

A few days ago, a well known woman, being invited out for noon dinner, decided she would take to her hostess, a few bottles of her own make, and accordingly packed them neatly in a basket, boarded a city car, thinking to herself how delightful the amber fluid would be with the dinner she was to enjoy. She busied herself talking to other passengers on the car, and suddenly the car jumping over a rough place, caused the contents of the basket to become "wild" and just as suddenly there was a succession of explosions. Four bottles of the beverage burst, showering their contents throughout the car. A silk dress worn by a woman patron in the car was ruined, much to the humiliation and regret of she who carried the basket. When the passengers emerged from the shower bath, and the debris had been cleared away, the situation became quite

amusing and everyone enjoyed a good laugh.

Mrs. Lyda Banta of Washington, who has been the guest of her son, John Banta and family for several days, returned to her home this morning.

Mrs. Bert Jones of Columbus, spent today in this city enroute to Hayden where she will visit her brother, Tom Hedrick.

HOW TO GROW

SWEET POTATOES.

Sweet potatoes are not adapted to
growing in the extreme northern part
of the United States, but they will
give splendid results in a wide area
of the Central and Southern States.
The usual method of cultivation is
to throw up slight ridges or beds up-
on which to set the plants.

The plants or "draws" are started
in a hotbed from potatoes that are
carried over winter. It will not pay
the average gardener to grow his
own plants, as he can buy them from
a seedsman or plant grower to better
advantage. The plants should be
spaced fifteen to eighteen inches
apart in the row, and about a pint of
water should be poured into the hole
around the roots of each plant be-
fore filling in the earth. This will
give the plant a quick start and in-
sure its growing.

If possible, the plants should be
set at a time when the soil contains
considerable moisture. One hundred
plants or 125 feet of row is consid-
ered the smallest planting of sweet
potatoes that should be made, and
even a larger planting is desirable in
order to furnish a supply for the or-
dinary family.—United States De-
partment of Agriculture.

Gardening booklets, written by
Government specialists after many
years of experimentation, will be sent
to any American who requests them
from the United States Department
of Agriculture.

"Familiarity breeds contempt" does
not hold true in a garden. A garden
bears close acquaintance and the
successful gardener is he who keeps
in close contact with his crops
throughout the growing season.
